

HEALINC FUTURE HEALTH
INNOVATION SUMMIT

Wednesday, April 19th | Atlantis Resort | Paradise Island, The Bahamas
Main Auditorium (Atlantis Theatre)
8:00 a.m. to 10:30 a.m.
Free Admission. Limited Slots. Registration Required.

SPECIAL STEM CELL & REGENERATIVE MEDICINE GRAND ROUND PROGRAM

The Stem Cell Grand Round is a special module/mini-symposium of the 2023 HEALinc Future Health Innovation Summit.

To register, visit our ticket page at <https://www.healincsummit.com/event-details/> and click on the box marked “Stem Cell Medicine Grand Round.”

All healthcare professionals (including nursing and medical students) are invited to attend. In-person attendance only. Those who wish to attend virtually will need to purchase a full Summit virtual attendee ticket.

All HEALinc Summit speakers and delegates will be in attendance. Register for the chance to network with international speakers, sponsors and other attendees.

7:15 a.m. – 8:00 a.m.

Registration | Outside the Main Auditorium (Atlantis Theatre)

8:00 a.m. – 8:25 a.m.
(including Q&A)

Regenerative Cardiology: What Does It Take to Have a Winner?

Joshua Hare, MD, FACC, FAHA
**Professor of Medicine, University of Miami; Co-Founder
and Chairman of Longeveron**

Dr. Hare’s presentation will focus on current updates on the state of regenerative medicine approaches with an emphasis on cardiovascular disease and other serious conditions. He will discuss Longeveron’s product, Lomecel-B, for the treatment of conditions such as HLHS, Alzheimer’s disease and aging frailty.
